*Cottage Collection*

*January 2013*

# Welcome

Welcome to the January 2013 Lilliput Lane Catalogue featuring many old favourites as well as a host of new product offerings, themes and innovations, all, of course, handmade in our studios in the Scottish Borders.

What's new down Lilliput Lane? Featured on the cover and only available during 2013, is the *2013 Anniversary Cottage, Pennine View*. This beautiful building can be found in the picturesque estate village of Ilam, nestled along the Manifold River amidst the stunning hills of the Peak District National Park.

The *2013/14 Collectors' Club* year will commence in March and this year's theme is 'nature's bounty'. Three delightful cottages have been produced exclusively for members. Each surrounded by beautiful gardens bearing the fruits (and nuts) of nature's timeless labours and each bursting with all of the natural ingredients to make the nation's favourite homemade recipes, from apple bakes to damson gin. **Damson Cottage** and **Cobnut Cottage** are available exclusively to Collectors' Club members and make the perfect accompaniment to the free gift, **An Apple a Day**.

Ring in the changes, 2013 sees three exciting new concepts being launched from Lilliput Lane, adding a more contemporary feel to our timeless and classic brand that is loved around the world. In **Mono Splash**, four snowed designs (two normal size, the others are minis) have been treated to a vibrant splash of colour unlike anything we've ever done before. The delightful 'Stores & Post Office' has been inspired by a former post office-cum-bakery in the pretty Hampshire village of Nether Wallop. Also available are a telephone box with **Little Lost Dog**, a mini post box and a mini telephone box — and each Mono Splash model has the post box and/or telephone box painted in a choice of seven bold colours, specially selected to complement any room décor. Ever wondered what a Lilliput Lane model would look like at night time? Well, you need wonder no more, as with **Monotone Midnight** we've taken two iconic British landmarks, the phone box and post box and given them a dramatic monotone makeover. **Ghostly Gothland** is a new take on an old favourite — the effect is quite striking, we love it and hope that you will too!

**Not to be missed...** telly addicts will be pleased to know that there are new additions to the **Coronation Street Collection** plus a brand new **Emmerdale Collection** is being launched — both bringing you iconic buildings from these two favourite shows.

**And finally...** continuing the Royal celebrations of last year, when we celebrated the sixtieth anniversary of Her Majesty The Queen's succession to the throne, this year we are commemorating the year of her Coronation — 1953. We have chosen **Windsor Castle**, her favourite Royal residence, for the subject and have produced a version of this castle for the **Britain's Heritage, Castles™ Collection** as well as a limited edition exclusively for H Samuel which features a commemorative plaque.

# From Concept to Cottage

1. Each and every Lilliput Lane miniature is completely hand crafted by our skilled artists in Langholm, in the borders of Scotland.

2. The cottages are based on real buildings and many collectors enjoy touring the country lanes in search of the actual houses.

3. From photographs, the internet and sketches, up to forty different processes then follow to produce a complex series of moulds from the original sculpture. There is no room for error, as the original wax sculpture is lost during the process!

4. Every tile, slate and flower is individually applied by hand to build up the different textures and details.

5. Flexible silicone-rubber moulds are used to cast faithful replicas of the wax original in a specially licensed material called Amorphite™. Once this has set, the moulds can then be carefully peeled away to reveal every last detail on the cast model.

6. After being sealed and dried once again, the model passes to one of our painters.

7. Up to thirty different colourways can be tried and checked for authenticity before a master version is chosen for each cottage.

8. Every skilled painter has to match each of the models they paint to the master version, to ensure that each is consistent.

9. Finally, cottages are baized and labelled, before a final quality check ensures that they leave Lilliput Lane in perfect condition.

**No seconds are ever kept; if they do not pass our strict quality checks, then they are destroyed.**

# Christmas, Snowed Cottages

**L3384 PERFECT CHRISTMAS**  
ISLE OF WIGHT, MIDDLE ENGLAND  
Height: 5.0cm Length: 4.5cm  
Situating in Calbourne, one of the most unspoilt villages on the Isle of Wight, this delightful former lodge to Westover Park was built in the nineteenth century in the popular cottage ornée style, and is the 'perfect Christmas' venue.

**L3456 PERFECT GAME**  
WILTSHIRE, SOUTH WEST  
Height: 5.0cm Length: 4.5cm  
Inspired by an unusual octagonal game larder situated on the Spye Park Estate, in Wiltshire, it was built in the 1870s by W Burn for Major J W G Spicer (1817-1883), an army officer who made his fortune from Brewery investments.

**L3412A PAYING YOUR WAY IN WINTER**  
DERBYSHIRE, MIDLANDS  
Height: 5.5cm Length: 7.5cm  
Inspired by the ivy-clad former tollhouse on Kedleston Road in Derby, with stone mullioned windows and fish-scale tiled roof. Built in the mid-1800s to replace an earlier tollhouse, the building was part of the Markeaton Park Estate.

**L3457 SNOWY BROW**  
HAMPSHIRE, MIDDLE ENGLAND  
Height: 6.0cm Length: 5.0cm  
The name for our pretty snow-covered Christmas cottage was inspired by the eyebrow dormer windows peeping out of the thatched roof under a light covering of snow. Today, the original building from Old Alresford has a tiled roof; however, we have reinstated its former thatch.

**L3415A WINTER AT BRAMPTON MOOT HALL**  
CUMBRIA, NORTH WEST  
Height: 7.5cm Length: 9.0cm  
This unusual octagonal building in the town's Market Place, now used as the Tourist Information Centre, was built in 1817 by the Earl of Carlisle, and given to the Parish Council in 1896. It replaced an earlier mid-seventeenth-century town hall, in which Oliver Cromwell kept prisoners.

**L3497 CHRISTMAS AT MOL'S (ILLUMINATED)**  
DEVON, SOUTH WEST  
Height: 10.0cm Length: 7.5cm  
Located in Exeter's beautiful Cathedral Close, the origins of the name of the ornate, timber-framed Mol's Coffee House (dated 1596) remains something of a mystery. Built as Cathedral Annuel's (priest's) accommodation, after the Reformation it became a Custom House.  
*Illuminated. For use only with battery-operated tea light that changes colour. This is not a toy or children's product. Intended for adults only. Tea light included.*

# Mono Splash

Ring in the changes, 2013 sees an exciting new concept from Lilliput Lane, adding a more contemporary feel to this timeless and classic brand loved around the world.

There are four designs, each available in seven colourways, specially selected to complement any room décor. Choose the original red for a traditional look, or try one of the contemporary fresh colours (pink, blue, green, lilac, orange or yellow) to add colourful drama to your room...

The delightful 'Stores & Post Office' has been inspired by a former post office-cum-bakery in the pretty Hampshire village of Nether Wallop. Also available are a telephone box with **Little Lost Dog**, a mini post box and a mini telephone box. Each model is hand sculpted and entirely hand crafted and painted in the company's studios in the Scottish Borders.

**L3589 GHOSTLY GOATHLAND NORTH YORKSHIRE, NORTH EAST & YORKSHIRE**

Height: 9.5cm Length: 18.0cm  
This delightful station serving the North Yorkshire Moors Railway is famous as being the film location for Hogwarts Express' 'Hogsmeade' Station in the Harry Potter films. Fans of the TV series Heartbeat will also recognise it as 'Aidensfield'. Such fame! Here we have given it a somewhat eerie, monotone look, to spectacular effect.

# Monotone Midnight Collection

Another innovation from us, this collection sees us taking two iconic British landmarks — the phone box and post box — and giving them a dramatic monotone makeover, as if seen at night time. The devil is always in the detail, and our finishing touches are the bold additions of gold, silver or red detailing...
